

Wanted

Front-end Developer

At Wecan we build clever B2B applications on blockchain based systems for large customers. In order to support our growth, we are immediately recruiting for a **Front-end Developer** based in Geneva.

Missions

As a **Front-end Developer**, you are working together with Product Owners, Architect, and UX Designer to help us deliver applications with excellence at heart. You are in charge of coding beautiful user interfaces for our high-end customers.

Roles & Responsibilities

Our ambition is nourished by a strong team spirit. In your daily professional life, this translates into simple, well-constructed and well-executed actions.

- Take ownership of developing simple, yet effective, user interfaces for complex business cases
- Contribute to UX design and prototyping
- Always keep an eye on security by following secure coding best practices
- Provide 3rd level support

Your profile

You have a strong interest in new technologies and demonstrate an entrepreneurial spirit. You are able to manage heavy workloads and have excellent interpersonal skills.

- An experience building single page apps with **ReactJS** and **Redux**
- Familiar with **TypeScript** and **CSS**
- Fluent in French and English is a requirement
- A good understanding of **web 3.0** technologies is an asset

Cultural Fit

- Flexibility and motivation
- Strong team spirit, transparent communication and self-management
- Result driven
- Passionate about new technologies

Personal Requirements

- Ability to work for and in a team
- Autonomous worker, able to work independently
- Excellent problem solving and debugging skill

About Wecan

Wecan is a Swiss based company created in 2015. We co-create, run and scale joint ventures to transform socio-economic paradigms through pioneering blockchain solutions. We address our partner's needs in different industries through our blockchain competencies and a co-creation process.

Our vision

At Wecan, we believe that successful digital technologies are built around people and they are shaped by people's needs. After an era of exponential digitalization growth, the rise of mobile phones dramatically increased the usage of online service... We believe that the next ten years will increasingly focus on trust, privacy and security. We believe that blockchain and zero knowledge proof are a much-needed change of the way digital services have been built up to now. And we firmly believe that it is urgent to start putting those features at the heart of business models right now.

Why join Wecan?

From your first day, you will actively contribute to the blockchain innovative project used by companies with national and global reach. You will be working on projects to reshape businesses, invent new products, and transform some paradigms using the latest technologies.

Could we spark your interest?

We look forward to receiving your application!
