

# Senior Mobile Developer

At Wecan we build clever B2B applications on blockchain based systems for large customers. In order to support our growth, we are immediately recruiting for a **Senior Mobile Developer** based in Geneva.

## Missions

As a **Senior Mobile Developer**, you are working together with Product Owners, Architect, Mobile Developers and UX Designer to help us deliver applications with excellence at heart. You are in charge of transforming ideas and specifications into actionable products for our high-end customers.

## Roles & Responsibilities

Our ambition is nourished by a strong team spirit. In your daily professional life, this translates into simple, well-constructed and well-executed actions.

- Handling a business case from inception to operations
- Be owner of several business and technical domains
- Contribute to the evolution of our underpinning proprietary technology
- Always keep an eye on security by following secure coding best practices
- Provide 3rd level support

## Your profile

You have a strong interest in new technologies and demonstrate an entrepreneurial spirit. You are able to manage heavy workloads and have excellent interpersonal skills.

- 5 years of professional experience in complex IT landscapes
- Solid expertise developing complex APIs with C# on .net core using Entity framework
- Proven experience building mobile application with TypeScript, ReactNative and Expo framework
- Fluent in French and English is a requirement
- Knowledge of the Realm database engine is a strong plus

## Cultural Fit

- Flexibility and motivation
- Strong team spirit, transparent communication and self-management
- Result driven
- Passionate about new technologies

## Personal Requirements

- Ability to work for and in a team
- Autonomous worker, able to work independently
- Excellent problem solving and debugging skill

# About Wecan

Wecan is a Swiss based company created in 2015. We co-create, run and scale products to transform socio-economic paradigms through pioneering blockchain solutions. We address our partner's needs in different industries through our blockchain competencies and a co-creation process.

## Our vision

At Wecan, we believe that successful digital technologies are built around people and they are shaped by people's needs. After an era of exponential digitalization growth, the rise of mobile phones dramatically increased the usage of online service... We believe that the next ten years will increasingly focus on trust, privacy and security. We believe that blockchain is a much-needed change of the way digital services have been built up to now. And we firmly believe that it is urgent to start putting those features at the heart of business models right now.

## Why join Wecan?

From your first day, you will actively contribute to the blockchain innovative project used by companies with national and global reach. You will be working on projects to reshape businesses, invent new products, and transform some paradigms using the latest technologies.

**Could we spark your interest?**  
**We look forward to receiving your application!**
